REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach, disclose, or suggest joining a plurality of tables using a star map that has bitmap entries having locations indexed by a hash of one or more values associated with one or more join key columns by performing a Boolean operation using bitmap entries of the Star Maps to produce a join Star Map; using the join Star Map to select rows from the tables; and joining the resulting rows to produce a result, as claimed in independent 1 and the prior art of record does not teach similar limitations in independent claims 5, 18, 31, 48, 49, and 50.

The dependent claims are allowed at least because they depend from the allowed independent claims 1, 5, 18, and 31, and they further limit the scope of the invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
